Colour Analysis

Style Looking Your Best Workshops

Dress For Success

Look Years Younger Without Plastic Surgery

- Wear colours that compliment your natural colouring
- Look younger, healthier and more attractive
- Save time and money when shopping
- Receive a colour swatch wallet as a shopping guide

You will learn ...

- Your most flattering wardrobe colours and how best to wear them
- How to apply make up skillfully and professionally with colour coordinated makeup which guarantees a flattering natural look

Personalised colours means mistake proof makeup and wardrobe selection.

Build Self-Confidence Make Shopping a Breeze

Style is about you, your image and everything to do with your appearance. Take the guesswork out of looking great. It is easy when you know what is special about you.

You will learn:

- To select styles, fabrics and details that flatter your body-shape, scale and proportions
 - To express your personality through your wardrobe
 - To build a perfectly engineered wardrobe where less is more
 - To complete the look with perfect accessories.
- and much more

It is highly recommended that you complete your colour analysis before commencing this workshop.
